

AMBASSADOR HARVEY PRAISES BALFOUR IN PILGRIM DINNER TALK

Occasion Was the Welcoming Back of Head of the British Mission to Homeland—Balfour Said Washington Conference Benefited Mankind—Letter from King Read

(By The Associated Press)
LONDON, Feb. 20.—America joined in the praises of A. J. Balfour, head of the British mission at the arms conference in his welcome to the homeland, when Ambassador George Harvey addressed the Pilgrims' Society dinner tonight at which 300 persons assembled.

The Duke of York represented the royal family and the others included ministers of the cabinet, civil and military leaders and official and unofficial representatives of the American community. It was a personal welcome for a great pilgrim, according to Marquis Curzon.

The king in a letter, the Duke of York, Marquis Curzon and Mr. Harvey indulged in eulogies of Mr. Balfour. Cheers greeted Ambassador Harvey's prediction that the United States senate was certain to ratify the various treaties.

FINANCING THE BONUS MEASURE IS BIG PROBLEM

Members of Congress Seem to be Passing the Buck

(By The Associated Press)
WASHINGTON, Feb. 20.—The question of financing the soldier's bonus was referred back today to the special tax sub-committee by the majority members of the house ways and means committee and it was announced that the sub-committee would attack the problem again late tomorrow.

The trend of thought in cloak rooms and corridors was that some sort of a manufacturers' or wholesalers' tax plan would be drafted in accordance with President Harding's suggestion that the financing be done by a sales tax. Whether approval of such a tax by the entire committee could be obtained appeared to be a moot question.

In an effort to block the sales tax within the committee 22 Republican opponents of this kind of a levy framed petitions which were freely circulated and signed. Representative Dickinson, of Iowa, who called the meeting, said it was the hope to obtain sufficient signatures to convince the majority committee members that it would be impossible to put a sales tax provisions thru the house.

The petition declared in favor of adjusted compensation, but in opposition to the financing of it by a sales or manufacturers' tax and sets forth that its signers "will oppose any rule for the adjusted compensation that does not permit a senate vote on any sales or manufacturers' tax provision therein."

While the ways and means commission was discussing the bonus question it was made known that President Harding had received many communications opposing enactment of the bonus legislation for the present.

Oppose Further Delay.

The American Legion's legislative committee made public a telegram from Hanford MacNider, the legion's national commander opposing any further delay in the bonus legislation. It was said that the communications reaching Mr. Harding in opposition to immediate enactment of the bonus out-numbered those favoring action at the same time, it was added that many of those opposing the bill showed a similarity.

Much of the informal bonus discussion centered around the question of whether a sales tax provision could be voted out of the ways and means committee. Representative Garner, Texas, ranking Democrat on the committee said the eight minority members would vote solidly against such a tax.

On this basis, five Republican votes would defeat the proposal and it was understood that present estimates were that four of the 17 Republicans would be against it with two other probably doubtful.

DEAN F. F. FORMAZ IS HOME FROM EUROPE

The Very Rev. Dean Formaz returned Saturday evening from a trip of several months in Europe. France is Dean Formaz's native land and he spent some time in that country. Included in his itinerary was a trip to Rome, where a visit to the vatican was made.

WEEKS TO SUBMIT ALABAMA POWER COMPANY'S OFFER

Probably Will Refer Proposal to Committee

(By The Associated Press)
WASHINGTON, Feb. 20.—Announcement by Secretary Weeks today that he would submit to congress tomorrow for acceptance or rejection the Alabama Power Company's offer to purchase and lease the Muscle Shoals, Alabama, nitrate and waterpower projects submitted to him last Tuesday added to the possibilities of further delay in congress of consideration of Henry Ford's offer.

The Alabama company's offer it was said would be addressed tomorrow to the speaker of the house and president of the senate and be referred by them probably to the military affairs committee of the house and agricultural committee of the senate both of which are investigating the Ford proposal. Chairman Kahn announced tonight that the house would conclude its study of the Ford offer before undertaking hearings on the new proposals but would not report them separately to the house.

The plan in recommending acceptance or rejection of the offer to the full membership of the house, the chairman said would be to prepare a joint report on all proposals congress might receive in this manner it was explained, the Ford offer would remain in the committee's hands preventing action by the house until all the proposals Mr. Weeks might submit were thoroughly investigated.

Mr. Kahn said he expected to conclude the hearings on Mr. Ford's offer this week and would immediately begin an examination of that from the Alabama power company which Secretary Weeks indicated today was considered a better offer in some respects than that of Ford.

The house committee today interrogated J. O. Hammett, vice-president of the air nitrates corporation, a subsidiary of the American Cyanamid Company of Maine, who defended the rights of the former concern to purchase nitrate plant No. 2 at Muscle Shoals, upon as favorable terms as the government accept from other private enterprises.

Signed Contract Submitted.

He submitted a contract signed by the corporation and war department officials under date of June 8, 1918, when it was agreed to build the plant and which contained a section extending optional privileges to the air nitrates subsidiary to buy the property in the event it was sold by the government.

"This constituted a binding agreement," Mr. Hammett said, adding that it was violated by the government thru acceptance of the Ford proposal, the corporation would instruct its attorneys to resist such action in the courts. He asserted emphatically that a decision by the government to disregard the agreement would reduce the standard of business morality to a lower degree than ever had been approached by a private concern.

Mr. Hammett declared the proposal to "give the plant to a man who did nothing to develop it" and in addition "give him the cheapest waterpower on the American continent" would be a violation of the government's pledge to the Air Nitrates corporation which he declared had placed its every facility including its patents and secret processes for nitrate production at the disposal of the country when the war needs were greatest.

BAPTIST YOUNG PEOPLE END CONTEST WITH SOCIAL

A social was given at First Baptist church Monday evening as the finale of a contest which has been waged in the Senior Young People's Union for the past three months between the "Packards" and the "Fords." The latter won and they were entertained by the losers last night, the evening being very pleasantly spent with games and stunts of various kinds. "Delightful refreshments were served. Paul Gard was the captain of the winning team, while John Wilson was the leader of the losers. The contest was in the matter of Sunday evening church attendance of the members of the contesting groups.

MISS FRANCES INGRAM TO APPEAR HERE FEB. 27

Miss Frances Ingram, contralto of the Metropolitan Opera Co., has been secured to appear here Monday, Feb. 27. This date was originally announced for the appearance of Miss Myrtha Sharlow, prima donna soprano of the Chicago Opera Co., in the "Illinois Woman's college series. Director Pearson received a cablegram announcing that Miss Sharlow would remain in Europe and would therefore cancel all her American concert engagements.

Miss Ingram appeared here three years ago and made a very favorable impression at that time. Many local people will doubtless avail themselves of the opportunity to again hear her sing.

PISTOL FIGHT IN ARDMORE CREATES GREAT EXCITEMENT

Follows Clash Between Acting Sheriff and Tick Expert

(By The Associated Press)
ARDMORE, Okla., Feb. 20.—Rumors and conflicting stories whirled back and forth in this town tonight concerning a shooting affray in the court house today that lacked only a few dead bodies to make it a pistol fight worthy of the old frontier days. The stories are so many and varied that officers are reluctant to advance any idea as to the cause of the shooting.

Four men were injured. They are former Deputy Sheriff, Bud Bailey; former Deputy Sheriff Bill Whitson; Deputy Sheriff E. J. Cowles, and former Jailor Bud Bird. All were able to leave the hospital tonight.

The fight took place in the county attorney's office shortly after the meeting of the county commissioners. Several hundred persons were present drawn by their interest in the appointment of a sheriff to succeed Buck Garrett, who was removed from office last week following his conviction under outster proceedings of misconduct in office.

Ewing C. London, commander of the local post of the American Legion has been acting as temporary sheriff. Garrett was succeeded and his entire force of deputies and under officers resigned.

ROBBERS STEAL \$20,000 IN GOLD

(By The Associated Press)
NEW YORK, Feb. 20.—A robber casually walked up to a motor truck used by the Greenwich bank today, took \$22,000 in gold and currency away from a negro messenger, walked around the corner and drove away in an automobile with two companions they were still at large tonight.

Sitting beside the messenger, William A. Russell, when he handed the bag of money to the bandit upon being told to "give me that bag and give it to me quick," was a driver, and behind them in the back of the truck sat Clarence Brown, another negro messenger. Brown was guarding \$18,000 in silver which was untouched by the robbers. None of the three were armed.

Mr. and Mrs. Henry Myers of West North street, spent Sunday visiting friends in Leam.

NO RECORDS KEPT OF PROCEEDINGS PRESIDENT SAYS

So Informs Senate Following Request for Records

(By The Associated Press)

WASHINGTON, Feb. 20.—President Harding informed the senate today he could not comply with its request for records of the four power Pacific treaty negotiations because no such record ever existed and because he considered it incompatible with the public interest to reveal informal and confidential conversations.

The President's brief reply to the resolution of inquiry sent to the white house last week was accepted by those in charge of the treaty at the capital as closing the incident, altho it aroused increased dissatisfaction among Senators who investigated the move for more complete information. A proposal to call Secretary Hughes before the foreign relations committee was received momentarily but without any immediate prospect of success.

Meantime the committee took its first formal action on any international agreement negotiated during the arms conference by reporting favorably the Japanese American treaty by which the United States is accorded cable and wireless rights on the Island of Yap. The committee leaders later made known their purpose to press the treaty toward a vote on the senate floor, indicating that debate on it might begin tomorrow.

On the Yap treaty the committee divided 10 to 1. Senator Pittman, Nevada, Democrat, alone voting in the negative because he felt that insufficient committee consideration had been given the treaty.

Says Hughes Must Tell.

When Mr. Harding's reply to the four year treaty resolution written by Senator Hitchcock of Nebraska, senior Democratic member of the committee was read to the senate, it provoked no debate but later Senator Hitchcock declared it made absolutely necessary the appearance of Mr. Hughes to tell what he knew of the conversations which took place at unrecorded meetings of the big four.

Mr. Hitchcock later left for a western trip and there was no indication that any of his colleagues on the committee would press a demand that Mr. Hughes be summoned.

Senator Johnson, Republican, California, issued a statement in which he declared that although minute details of less important questions were contained in the conference "minutes" laid before the senate there was "no word" about the four power nations except the statement in the American delegation report and the "brilliant prose poem of Senator Lodge," presenting the treaty to the plenary session of December 10.

Tomorrow morning the foreign relations committee is expected to proceed with its discussion of the four power pact interrupted last week to await the message of President Harding.

Committee debate on the Yap treaty today is said to have centered about the possible legal effect of recognition of the Japanese mandate of the Island and the likelihood that any question arising under the treaty in the future would have to be referred to the four great powers under the four power arrangement in the Pacific.

CARRY KANSAS STRIKE INTO EVERY DISTRICT

(By The Associated Press)

SPRINGFIELD, Ill., Feb. 20.—Asserting that the anti-Lewis faction of the United Mine Workers proposes to carry "the cause of the Kansas miners into every mining district in the country" Frank Farrington, president of the Illinois Mine Workers, upon his return tonight from the Indianapolis convention characterized the success of John L. Lewis, international president in the convention as an "empty victory."

The Illinois leader declared that the roll call and attitude of delegates demonstrated that "the rank and file" of the miners have lost confidence in Lewis and that the international chief's resort to machine rule to keep the Kansas issue off the floor of the convention would indicate that he is afraid of his position.

LOCAL MAN ADVISED OF DEATH OF SISTER.

John H. DePew of this city has received word of the death of his sister, Mrs. Angie Cook, at Willoughby, Ohio. The deceased, who was 85 years of age, several years ago was a resident of this city and was well known to a number of local people. She is survived by one daughter.

Mr. DePew's physical condition is such that he will be unable to attend the funeral services, which will be held at Willoughby.

MEN AND WOMEN OF WORKING CLASS TO BE PUT IN OFFICE

Meeting of Various Representatives of Farmers, Socialists and Farmer-Labor, Union Leaders and Clergymen Unite at Chicago Conference—Make Plans for New Party

(By The Associated Press)

CHICAGO, Feb. 20.—Unanimous support of a new movement to install men and women of the working class in the nation's legislative halls was pledged by farmers members of the Socialist and Farmer-Labor parties, labor union leaders and clergymen today in a conference called by a group of railroad union men headed by William H. Johnston, president of the International Association of Machinists.

Declared by Morris Hillquit of New York to be "the most significant event that has taken place in the American Labor movement for a generation" the conference brought together leaders high in labor and minor political party circles. Altho Chairman Johnston declared in his opening address that the time was not yet ripe for formation of a new party, today's meeting was expected to develop the germ of a new political organization which some delegates said would be functioning by 1924.

Non-partisan political action in the 1922 elections was the keynote of the meeting. A dozen speakers pledged their support of a program to endorse candidates favorable to the working man. Committee on program and organization will report tomorrow.

By combining their efforts workers of every class could build a political machine which would elect to office men and women truly representative of the people. E. Manion, of the Order of Railway Telegraphers, told the delegates and both he and Thomas Van Lear, former mayor of Minneapolis, pledged their support to such a movement.

Morris Hillquit, of the Socialist party declared he was not at the meeting to make "political capital."

"We are willing to give everything we have as a party and as a movement toward the common cause," Mr. Hillquit declared. "This is the first time that the progressive elements of all divergent factions have gotten together in a common action. I believe it is the most significant event that has taken place in the American labor movement for a generation."

Can Get Students' Support.

The Rev. Richard Hogue, of Philadelphia, executive secretary of the church league for industrial democracy pointed out the opportunity to gather support from students.

"A new tide of insurgency lacking only direction," he said was sweeping the schools and seminaries of the country and its support could be gained by supplying leaders.

The organized farmers' attitude was presented by A. H. Long of the United Societies of Agriculture who emphasized the necessity of obtaining the actual facts on the value of their production and demanding their share of production. The Farmer-Labor party was friendly to the new movement asserted J. G. Brown, national secretary who pledged his support in "any liberal plan of coalition."

"We must depend upon ourselves and not on our political friends," he declared. "We must develop leadership within our own ranks."

Following the election of Mr. Johnston as permanent chairman and Benjamin C. March of the Farmer National Council as secretary the committees were named as follows:

Program—Basil Manly, E. H. Franklin, George F. Griffith, E. J. Manion, Herbert S. Biglow, H. P. Daugherty, H. F. Samuels, J. G. Brown, James O'Neal, Harry W. Fox and Miss Alice Lorraine Daly.

Organization—Frederick C. Howe, John Fitzpatrick, Timothy Healy, James Maurer, Martin P. Ryan, Morris Hillquit, E. C. Curtis, Arthur E. Holder and Miss Agnes Nesbit.

BRITISH VESSEL IS CAPTURED BY U. S. AIRPLANES

Big Whisky Haul Made by Prohibition Squadron

(By The Associated Press)

MIAMI, Fla., Feb. 20.—The British schooner Annabelle was seized late Sunday off Jewfish Creek, about 43 miles south of Miami, of 11,500 cases of whiskey aboard by airplanes of the prohibition squadron operating out of Miami and adjacent coastal towns. It was learned today from official sources.

The entire crew of 21 men was captured and is now being held under surveillance while the schooner is being taken to the coast guard cutter. The schooner, which is anchored off Jewfish, the crew offered no resistance when the flying machines with their machine guns pointing at the schooner from all directions swooped down on the vessel. Eleven airplanes painted a battleship gray made their way down the coast last week. Others stopped at St. Augustine, Jacksonville, Charleston and other points.

Advance information was furnished by scouts aboard submarines the Annabelle and Sunday a number of the planes gathered near Jewfish and at a signal gathered simultaneously over the alleged whiskey carrier.

JUDGE E. S. SMITH GRANTS CONTINUANCE

(By The Associated Press)

SPRINGFIELD, Ill., Feb. 20.—Judge E. S. Smith of the Sangamon county circuit court today continued until the March term the case in which Lieutenant Governor Fred E. Sterling is charged with conspiring with Governor Small, Vernon Curtis and the late Senator E. C. Curtis to defraud the state treasury.

The March term opens on the sixth day of the month the same date on which Governor Small goes to trial at Waukegan on the same charge.

The Sterling case was continued on a motion by Attorney Frank Peoria, of counsel for the defendant governor.

According to State's Attorney C. F. Bortimer the prosecution does not comply with action in the Sterling case until after Governor Small's trial.

One of the chief troubles that the tractor men have now is not that tractor prices are too high or the machines not effective. The trouble is with horse prices, which have declined to a remarkably low point.
Congressman Fordney has declared that the present congress will pass the soldiers' bonus bill and Mr. Fordney has such prominence in governmental and party affairs that one is apt to take his statement as a prophecy that will be fulfilled.
It is illustrative of usual tendencies that in the discussion of

the means for meeting a bonus measure each different bloc or faction seeks to apply the method least burdensome to the particular class in which it happens to be interested.
The railroads point to statistics to show that in 1921 there was the greatest decline in freight rates ever recorded—33.3 per cent. However, it should be taken into account that the record with which the comparison was made was considerably above the normal.

Secretary Hoover has made suggestions for the amendment of the Sherman anti-trust law, which Senator Norris thinks would make great combinations of business not only easy but to be commended. The critics have overlooked the point that along with Secretary Hoover's loosening of the Sherman bill restrictions are provisions for publicity that in itself is a safeguard. The records of the agreements and combinations would be made public together with statements as to savings effected, etc.
There could be no great harm done the public by business combinations where the facts were known, and it must be remembered that more than one big business combination has been for the public good.

WILLIAM MASON TAKES OWN LIFE
Dies by Asphyxiation at Home of LeRoy Craig—Was Long Time Resident of County.
William A. Mason, long time resident of the county and for the past twenty years a rural mail carrier, ended his life by asphyxiation in his room at the home of LeRoy Craig, 513 North Church street early Monday morning.
Prior to taking his life Mr. Mason wrote two notes which are in possession of Coroner Rose. In these notes Mr. Mason intimated that he had recently lost considerable money in a real estate transaction. It is said that the names of two Jacksonville real estate dealers were mentioned in the notes.
The body of Mason was found about 7 o'clock Monday morning. The members of Mr. Craig's family not hearing him moving about began to investigate. Being unable to get any response to knocks Mr. Craig and his son forced the door and discovered the body lying on the floor. The room was filled with gas.
Dr. A. M. King was summoned and soon arrived and the city pulmotor was also taken to the Craig home by the fire department. It was by the use, however, as Dr. King said Mr. Mason had been dead for some hours.
From the appearance of the bed Mr. Mason had retired for the night and had then gotten up and written the notes. After writing them he planned to take his life. All of the cracks around the door and transom were stopped up and the gas jet was turned on.
One note stated that "it is hard but it is the only way out." He also spoke of "that man setting a trap for him." He also said he had between twelve and thirteen thousand dollars in the farm that he had worked years to get.
The note also told of the fruitless search for work and being turned down because he was too old.
Coroner Rose is having copies made of the notes. It is said that Mr. Mason had written several letters to relatives and close friends regarding his financial condition. Mr. Rose is trying to locate those who received these letters.
The coroner also said that no publicity would be given the names mentioned in the notes at the present time. However, he said that the ones named will be called upon to testify before the coroner's jury.
William A. Mason was the son of Mr. and Mrs. C. J. Mason and was born in Morgan county, Ohio, September 28, 1853. He came to Morgan county, Illinois, with his parents when he was four years of age.
For many years he was a resident of Alexander, Orleans and Arnold and worked at the trade of blacksmith in these places. Twenty years ago he came to Jacksonville and took a position as rural mail carrier which he held until a few months ago.
He was united in marriage in 1879 to Miss Mary Mapes of Jacksonville. She preceded him in death. He is survived by one daughter, Miss Ivy Mason of Berkeley, Calif. He also leaves two brothers and one sister, E. E. Mason of Alexander, U. G. Mason of Stover, Mo., and Mrs. Rosa Strawn of Alexander.
Mr. Mason was a member of the Christian church and was a regular attendant at services and was a man highly regarded in the city and county.
The remains were taken to the Reynolds Mortuary. No funeral arrangements have been made.

NEW BUREAU IS ESTABLISHED HERE
C. E. Williamson and Son Will Represent Fleeman's National Identification Bureau—Locates and Identifies Missing Persons.
Representative of Fleeman's National Identification Bureau was in the city yesterday and as a result the firm of C. E. Williamson and Son is now a member of the bureau and will act as local representatives in this community. The work which this bureau has done since its organization about two years ago has been of a very humanitarian type in locating and identifying "Missing Persons." It is the only place in the country where one may go to seek information regarding any person who has disappeared and the community is fortunate in having a local representative of the bureau.
A nation-wide organization for the humane purpose of locating and identifying "missing persons"—identifying the unknown dead, and locating the relatives and friends. The bureau has grown very rapidly. The aim is to have an active member in every community in the United States.
G. H. Furbeck, vice president of the bureau has appointed C. E. Williamson and Son, the local member of this community.
The local member will give information to anyone interested, and will aid anyone free of charge in getting in touch with the bureau, if in need of its services.
Newspapers, churches, lodges, benevolent societies—all heartily endorse the purpose of the bureau and aid in this truly humanitarian work.
There is urgent need for such an organization. Many thousands persons become missing every year.
Over 75,000 unidentified and unclaimed dead were buried in the "Potter's Field" in the United States last year.
The motto of this bureau is, "For the Sake of Humanity."
The "Master Files" of the bureau—One, a list of the "missing" with all descriptions obtainable; one, a list of "unclaimed" and unidentified dead, with descriptions and all information possible to aid identification.
The work of this bureau and its wide-spread membership can not but prove of inestimable service to many a sorrowing family.

DR. ROGERS HEARD AT COMMUNITY FORUM
Springfield Minister Presented Character Study of Three Men Notable in History of Nation
Dr. Euclid B. Rogers of Springfield was the speaker at the Congregational community forum Sunday night. The eloquent Springfield minister had the lives of Washington, Lafayette and Lincoln for his theme. The characteristics of these men were discussed in a way which gave proof of the speaker's earnest study of history. He found in the lives of the three many things to apply in the solution of some of the present day problems.
Dr. Rogers is a man of wide experience as a minister and lecturer and ranks as one of the best known ministers in central Illinois. The lecture was preceded with special music, which included a vocal solo by Ora Dempsey, of the School for the Blind, who sang, "If I Forget Thee, O Lord."

MINISTERS ARE GUESTS AT SCHOHL FOR BLIND

Members of Ministerial Association and Their Wives Heard Interesting Program Monday Morning—Guests at Luncheon.

Members of the Jacksonville Ministerial Association and their wives were guests of honor at a program given by pupils of the School for the Blind Monday morning. It was a combined Washington and Lincoln program and was given in the chapel of the institution.

Following the program the ministers held a brief business session, and at noon with their wives were guests of Mr. and Mrs. R. W. Woolston at an excellent luncheon, served in the state dining room. Early in the afternoon the visitors were taken to the school gymnasium where they were shown the physical culture work done by the students. Later they visited the industrial and other departments, and were greatly interested in what they saw.

The program presented Monday was as follows:

Song, "Star Spangled Banner"—By the school.

A Boy's Oration on Lincoln—By Hans Young.

Exercise, "I Want to Be Like Lincoln"—By six kindergarten boys.

Piano solo, "Colonial Dame"—By Cyril Lyncey.

Organ number, "Processional March"—By Miss Edith Clark.

Playlet, "The Flag"—By five girls of the fourth grade.

Vocal solo, "It's Up to a Man"—By Ferdinand Oldham.

Webster's Address on the Character of Washington, delivered in four parts by students of the sophomore class of the institution high school.

Cello solo, "Simple Avon"—By Donald Straley.

Dramatization of "The Toy Shop," given by girls of the seventh and eighth grade. This play depicted, very effectively the touching incident of Lincoln's visits to the shop of the old toy maker.

Senior Chorus—"The Recessional" and "Land of Mine."

"America the Beautiful"—Sung by the school as the closing number.

WESLEYAN COMES WEDNESDAY NIGHT

Will be Next Opponent of Illinois College—Team is One of Strongest in State.

Wesleyan University comes to the local basketball floor on Wednesday night to play Illinois College in the last home game of the season.

Wesleyan has played, during the season, much like the other teams of the Illinois Intercollegiate conference. That is, unexpected wins have been followed by unexpected losses. Wesleyan won from Monmouth, then lost to Bradley. Won from Knox, then lost to Augustana on the following night. Lately, Eureka, Normal and Millikin have fallen before the Bloomington team.

The Wesleyan team has an excellent array of talent. Haussler, Mace, Gottschalk, and Zinser form a quartette of dangerous scorers. In last Saturday night's game with Eureka Gottschalk, playing at center, threw five field goals. Last night Wesleyan won handily from Normal in their second game of the season by the score of 23 to 16.

Earlier in the season Wesleyan won from Illinois at Bloomington by a comfortable margin. The Blue and White players know that they will have to go their fastest to win from Wesleyan. Their practice yesterday afternoon indicated that they will show a reversal of form over that displayed last Saturday night against Bradley. Dale and Hiatt at forwards yesterday worked together in good style and with Mellon at center, they formed an aggressive trio. Cully and Jones at guard, were also going at a fast clip.

GARBAGE CONTRACT TO T. H. BUCKTHORPE

City Council Made Award at Monday Night Session—East State Street Pavement Ordinance Read.

A regular session of the city council was held Monday night. It was a brief meeting and most of the business transacted was of a routine character. Mayor Crabtree presided and the minutes were read by City Clerk Scott.

The report of the public health committee, of which Alderman Elmie is chairman, was approved, whereby the city garbage contract was awarded to T. H. Buckthorpe, the lowest bidder.

A communication was read from Walter Ayers with reference to the automobile accident on West State street last summer in which he was injured. The letter was written as a matter of record in order to preserve Mr. Ayers' rights in any litigation which may come later on.

The ordinance providing for pavement on East State street was given a second reading.

Alderman Longergan brought to attention the question of side walks, and suggested that each alderman prepare a list of side walks it is proposed to build in his ward which he represents, and present to the council two weeks hence.

After some informal discussion the council adjourned.

ASHLAND

J. C. Young of Bloomington visited his parents here over Sunday.

Mrs. J. F. Botts of Decatur is visiting her mother Mrs. Ella Massey.

Mrs. F. C. Walbaum visited her brother at Kilbourne the past week.

Mr. and Mrs. Fred Hexter were both on the sick list the past week.

On last Wednesday night the high school basketball team played a game with the Chandlerville team at the high school here. The score was 37 to 17 in favor of our boys.

On Friday night our boys went to Virginia and played a game with the Virginia team. This time the glory fell to the Ashland team.

Evangelist Lew D. Hill of Decatur, is conducting a revival meeting at the Christian church. Miss Olive L. Stephens of Kankakee, Illinois, leads the singing.

Miss Olive McDaniel visited friends at Virginia over Sunday.

John Milstead has rented the David Bailey farm west of here and expects to move this week. We regret to lose Mr. and Mrs. Milstead from among us.

Mrs. Myrtle Schumaker will hold a closing out sale at the farm home 4 miles southeast of Ashland on Tuesday, February 21. Mrs. Schumaker will shortly move to Ashland to reside, she having purchased the residence of Mr. and Mrs. George Bailey on West Main street.

Mr. and Mrs. W. H. Yancy and daughter spent last Thursday with Mrs. Henry Means of Yatesville.

Glen Holmes has returned from an extended visit with relatives at Flora, Illinois.

MRS. MATTHEWS PRESENTED

FACTS ABOUT PROHIBITION

Mrs. Lena B. Matthews of Chicago made an address at the First Baptist church Monday night, in the interest of prohibition. Mrs. Matthews appeared here under the auspices of the Anti-Saloon league of Illinois, and her purpose was to explain some facts about the present situation, and the league plans to help with the enforcement of the law. County dry enforcement and legislative committees have been organized all over the United States with the end in view of endorsing and electing officers who will stand for the enforcement of the 18th amendment and the other laws upon the statute books.

Mrs. Matthews, who is an experienced and forceful speaker explained that prohibition, like other great reforms, must pass thru three stages. First, education, the crystallization of public sentiment into legislation, and lastly, the enforcement of that legislation.

DOKAYS WIN FINAL GAME WITH K. C. TEAM

Take City Title by an Overwhelming Score—Showed Superiority in all Departments of the Game.

Showing superiority in all departments of the game the Dokays won the deciding game for the city independent title from the Knights of Columbus in Liberty Hall, Monday night.

The game was witnessed by one of the largest crowds ever in attendance at a basketball game in this city. Nearly 800 paid admissions and a number of spectators who were present on passes crowded into Liberty Hall, filled all the seats and overflowed onto the playing floor.

There was never a time when the result was in doubt after the game had gone a few minutes. Clancey, one of the Knights best guards went out on fouls early in the game. However, had he remained in the game the result would have been the same with possibly a lower score.

After winning the second game of the series a week ago last night the Knights evidently thought they had it on the Dokays and did not get out for practice in the manner they should have done. On the other hand the Dokays put in several hard nights of practice in Illinois College gymnasium.

Dokays Shoot Well.

The result was visible in the work of the Dokays after the game started. They were much better in passing and floor work and showed excellent team work. While the Dokays showed superiority in floor work, passing and shooting, it was the excellent work of Jones and Reynolds at the guard positions as well that brought victory. These men held the Knights forwards safe thru out and Devlin was the only man who seemed to be able to hit the basket. Zell was held to one final basket and Carson one free throw during the entire game.

The score at the end of the half was 22 to 2 in favor of the Dokays. The relative score was nearly maintained thru out the second half the Knights were able to break thru for five field goals. But the Dokays made 24 points in the half making the final score 46 to 12.

Lucas and Wood were the main cogs in the Dokays offense. Lucas tossed nine field baskets for a total of 18 points. Wood got four field baskets and tossed ten free throws for a total of 18 points. Smith and Jones made the other scores. Wood had 17 chances for free throws and his total of ten was a good record. The Knights had ten chances at free throws and negotiated two. The score:

PLANS FOR TOURNEY

NEAR COMPLETION

Principal Schafer is sending out letters to get line on number of Season Tickets Visiting Teams Will Want—Schedule of Games.

Plans for the district basketball tournament are nearing completion and Principal B. F. Schafer of the local high school is sending out letters to all the high schools in the district in order to ascertain how many season tickets each school will need. Tickets for Jacksonville people will be put on sale the first part of next week and it is hoped that all who wish season tickets may be accommodated. Only season tickets will be sold in advance.

The management is making every effort to avoid confusion this year. Holders of season tickets will enter by the north door and those with single admissions by the south door. The senior class of the high school has the concession for the sale of sandwiches, candy and other refreshments, his year and it is planned to have a number of booths where the "cats" will be sold.

The teams in the tournament are divided into two groups, according to classification:

Only Sweet, Fresh Milk Used in GOOD LUCK
None but the richest of sweet, fresh milk is used in churning JELKE GOOD LUCK Spread for Bread.
Over 300 farms in the famous Elgin dairy district of the Fox River Valley of Illinois are under contract to supply the thousands of gallons of full-cream milk used daily in GOOD LUCK.

Travelling supervisors see that the herds on these farms are kept at the height of physical perfection through scientific breeding, selection, housing, rationing, and other arts of the modern milk producers.
The movement of milk from farm to churnery is in swift freezer cars.
In connection with the churnery a large completely-equipped milk receiving plant is operated at Huntley, Ill. Milk handling devices are up-to-date, and advanced processes are employed.
Unlike some other spreads-for-bread full cream milk is used in GOOD LUCK. This milk is pure and sweet and of the finest quality. Use—

FORCEFUL SERMON ON STEWARDSHIP

Basing his remarks from the words of Jesus, "The Lord Hath Need," found in Luke 19:31 Rev. T. H. Tull preached one of the strongest sermons ever delivered in Grace Church. In words strong and emphatic the responsibility of humanity, whether church member or not, to the program of stewardship was made clear.

The subject of the evening discourse was "Rebuilding a Wrecked Life" and was attentively listened to by a very good Sunday evening crowd. The music of the day was especially pleasing. The solo by Mr. Ratcliff being greatly appreciated.

Announcement was made of the approaching contest with the Bloomingdale school to commence the first Sunday in March. Enthusiasm is being kindled. The contest in the Men's Bible Class is gathering momentum and already the effect on the church and school is being felt. There were in attendance in Sunday School 324 and the offering was \$13.37.

Intermediate League met at 2:30 and was led by Miss Agnes Davis. Senior League at 6:30 was led by Harvey Vollrath. Miss Helen Wyle of the Illinois Conservatory sang a solo. About eighty young people were present.

Queen Esther Society will meet on Monday evening with Mrs. B. F. Lane 520 S. Main street.

Scout Juniors will meet Tuesday afternoon in the play room of the church, under their leader.

The School of Religion meets Tuesday evening at 7:30 at the Woman's College. The Woman's Home Missionary Society will give a Washington Tea at the church Wednesday, February 22nd at 2:30.

All of the women of the church are invited to meet George and Martha Washington. Mid-week prayer service Wednesday evening at 7:30.

The Men's Bible class will give a Washington Birthday program on Tuesday evening at the church at 7:30. A program of special interest; admission is free.

Boy Scout Troop Seven will meet on Friday evening.

CLOSING OUT SALE

THANK ALL FOR AID IN S. S. L. PLAY.

Mrs. Charles Fawcett, chairman of the committee in charge of the "Masquerade Party," the play put on last week for the benefit of the Social Service League, wishes to thank all those who took part in the performance or aided the production in any way.

It was the co-operation of the members of the cast, the committee and the interest of the public that made the play the undoubted success that it was and appreciation is extended to all in behalf of the Social Service League.

Especially does the management wish to thank the Peacock Inn for the use of the banquet room as a place to hold the rehearsals. The management of the Inn donated the use of the hall for the purpose.

When all reports are in a financial statement of the undertaking will be published by the committee.

Stated conclave of Hospitalier Commandery No. 31 this evening. Visiting Companions are welcome.

JUNIOR HIGH TO GIVE DEMONSTRATION

A unique experiment in modern educational methods will be conducted in Springfield, March 10th when pupils from the Jacksonville Junior High School put on a demonstration lesson before the South Central Division teachers' meeting. Arrangements will be made to take a class of about 16 pupils and in addition to the demonstration lesson it is planned to give the students an opportunity to see the Lincoln Monument, Lincoln's Home, the State House and Arsenal.

The demonstration lesson will be given to illustrate group work in Mathematics and will be in charge of Miss Mabel Withee, teacher of Mathematics in the 8th grade at the Junior High school. The group method of procedure has been used with a good deal of profit during the past year and this demonstration will serve to illustrate its efficiency. This is the first time that the experiment of bringing in classes from outside cities has been tried.

The South Central Association is using a number of new methods in educational work and this is an effort to bring a concrete object lesson before the meeting of teachers in March. It is a unique experiment in many ways and Jacksonville is honored in being the first school asked by the association to give such demonstration.

MOTORCYCLE TURNS OVER.
Claud H. Duncan, line foreman of the Illinois Telephone company had a narrow escape Sunday when the motorcycle on which he was riding turned over at the intersection of Superior avenue and South Main street. The accident occurred about noon as Duncan was turning from South Main onto Superior and in some way the machine turned turtle throwing Duncan off and injuring him severely.

The injured man was taken into a nearby house and Dr. King was called to render medical aid. Mr. Duncan suffered some severe cuts about the face, bruises about the body and a general shock. He was later taken to his home at 351 East North street and will probably be confined there for several days.

OLD RESIDENT GIVEN

UP BY PHYSICIANS.
"Given up by five doctors, my only hope an operation, I rebelled on cutting me open. I am 75 years old. A neighbor advised trying Mayr's Wonderful Remedy for stomach trouble. I got relief right away. I had not eaten for ten days and was as yellow as a gold piece. I could have lived only a few days but for this medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists. Adv.

NATURE LOVES BRIGHT

COLORED.
We see the truth of this statement in the varicolored flowers, the vivid sunsets, the birds of brilliant plumage. But we never see it exemplified more attractively than in the person of a splendid healthy woman. How does nature paint this health? Why, in the rosy cheeks, the transparent skin, the smooth red lips of such a woman. And she molds it in firm flesh and rounded contours. The ailing woman is deficient in natural coloring, and she does not even appear to advantage in clothes that would set off her more attractive sister. Many women who long for glowing health will find that they, too, can have these charms if they will give a trial to that remedy which brings strength to frail women.—Lydia E. E. ABRUPT HARDENING OF MONEY RATES

By Associated Press.
NEW YORK, Feb. 20.—Abrupt hardening of money rates, strength of European exchanges and heavy trading in the grain and commodity markets at higher quotations were the conflicting elements which attended today's active and generally higher stock market. Call loans opened and renewed at four per cent but made progressive advance to six per cent, the latter rate prevailing in the final half hour. Aside from profit-taking in special issues the firmer money tendency was without marked effect on quoted values. Freight traffic in Western and Southwestern points expanded only moderately, but the demand for securities from those centers denoted increased confidence on the part of investors.

Stock market prices were influenced by the agreement reached between the Mexican government and American oil interests relating to export taxes. Buying of junior rails, which extended to bonds of the same class again seemed to be based on better crop prospects and hopes of restored dividends.

Sales amounted to 800,000 shares.

Steering demand bills were carried to 4.39 the highest quotation since 1919 and allied exchanges rose 10 to 17 points. German marks weakened central European bills were moderately lower and Scandinavian rates eased.

Liberty and Victory bonds contributed less than their usual proportion closing at irregular changes. Total sales (par value) aggregated \$18,375,000.

BIG ADVANCES IN PRICE OF WHEAT

By Associated Press.
CHICAGO, Feb. 20.—Big advances in wheat prices today failed to encounter any aggressive opposition. Scarcity of offerings overshadowed talk of possible world shortage of breadstuff supplies, and the market made second as much as 6 1/2c going far above any quotations current heretofore this season. The close was strong at the topmost point reached 4 to 6 1/2c net higher with May \$1.46 1/2 to \$1.46 1/2 and July \$1.27 1/2 to \$1.27 1/2.

Corn gained 1c to 1 1/2c and oats 1 to 1 1/2c. In provisions the outcome varied from 5c decline to 17c advance.

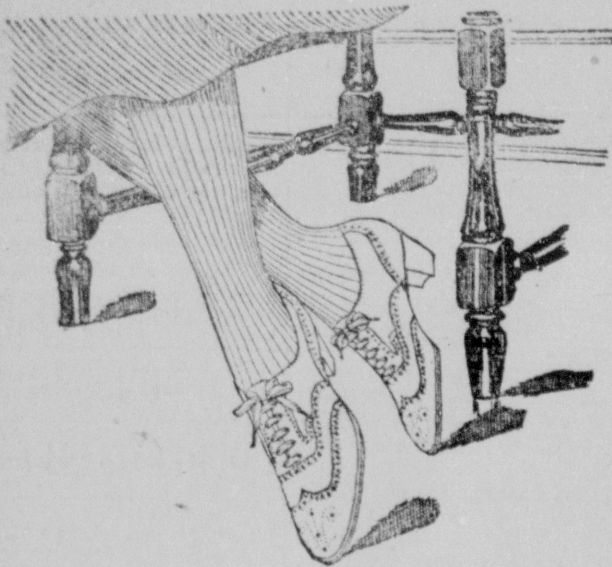

Rising prices in the wheat market were accompanied by reports that Germany had bought 3,000,000 to 3,500,000 bushels of Argentine and Canadian wheat and that English interests had taken 100,000 bushels of Canadian.

Meanwhile Holland was said to be after United States wheat at Gulf of Mexico ports and Japan buying on the Pacific coast. Advances were at hand also telling of continued draught conditions in Kansas and Oklahoma threatening to curtail further the early supplies from the 1922 domestic crop in addition to recent reductions of about 100,000,000 bushels in the estimated surplus of Canada, Australia and Argentina, as compared with previous generally accepted figures. At no time were setbacks in wheat prices more than of an ordinary profit-taking character. The May delivery here showed more strength than the July and was particularly affected by an advance in the Liverpool market. Another reason for the apparent special buoyancy of the May delivery was gossip that a leading elevator interest was acquiring all available cash wheat here.

Corn as well as wheat broke the present season's high price record. Announcement of an increase of 2,152,000 bushels in the visible supply of corn was offset by continued active demand from the seaboard.

Oats were held down by liberal receipts, and rather free selling. Provisions rose with logs and grain. Besides, exports of lard were considerably in excess of last year's figures.

PYTHIANS ATTENDED
CHURCH SERVICES

Lodges Largely Represented at Westminster Church—Dr. Smith Had "Love That Heals" As Theme.

Knights of Pythias of Favorite and Jacksonville lodges attended services at Westminster church Sunday morning. Knights to the number of 250 met at Castle Hall and then marched to the church. The service was especially in observance of the 47th anniversary of the lodge. Miss Louise Miller of the Woman's College sang a solo and special music was furnished by a chorus of young women from the college.

Dr. Thomas Smith, pastor of the church, had "The Love That Heals" as his theme. Dr. Smith made reference to the immediate purpose of the Pythian order which was organized shortly after the War of the Rebellion, especially to help men forget some of the enemies of the past.

Appropriate texts were taken from the 15th chapter of John and the 5th chapter of Romans. The speaker gave proof from incidents of history to show the willingness of men to die for their friends.

Continuing, he said:

"But what about laying down your life for those who are not particularly your friends? What is it in man that makes him defy death for the sake of duty? Whence come the unheralded and unsung heroes of the locomotive who cling to the throttle, knowing that only death awaits themselves, in order to save the passengers? Firemen who risk their lives to save some child in the fifth story? Seamen who will perish, sooner than desert one passenger? The lighthousekeeper who keeps the light burning and the fog horn blowing, though about to drop from cold and hunger? Robert Louis Stevenson said, 'What a wonderful thing is this man! How surprising are his attributes! It matters not where we look, under what circumstances we observe him, in what depth of ignorance, in what stage of society, in ships at sea, his brightest hope a fiddle in a tavern, for all that constant to toil, brave to drown for others, in the slums of the cities, without hope of changes in the future, yet honest according to his lights, and kind to his neighbors, everywhere, cherishing some decency of thought or courage. If I could show you these men and women all over the world, under every abuse of power, under every circumstance of failure, without hope, without help, without tanks, still obscurely fighting the lost fight of virtue, still clinging to rag of honor, the poor jewel of their souls!'"

"Almost forced to believe in the indestructibility of conscience, we witness hundreds living true to high ideals by the force of inherited tendencies—for they are not only outside of all churches, but outside all societies and lodges."

Dr. Smith then made application of the spirit of love and self-sacrifice to the problems of today in relation to capital and labor, and to international problems in the relationships of nations.

FARM BUREAU
NOTES

Building Plans. The farm mechanics department of the College of Agriculture will furnish building plans for the use of farm advisers. These consist of blue prints of practically every kind of building needed on farms. This service is given in response to numerous requests for assistance coming to farm advisers.

Potassium Thio Cyanate. Test for soil acidity. The farm bureau office has the materials on hand to make tests by this new method. This method is much more delicate and accurate than when the turpentine or litmus tests. By using this list the difference in acidity between soil that has not been cropped along fence rows, and that well worn in adjacent fields can readily be shown. This may explain why sweet clover may grow along fence rows, and not in the cropped fields. As the material is a deadly poison, we do not furnish it for home tests. We shall be glad to make tests of soil brought to the office, or to make them on the field trips.

Fan and Treat Seed Oats. Numerous samples of seed oats comprising Early Burt, Iowa Iowa 103, Silver Mue and Texas are shown at the Farm Bureau office. One general criticism may be passed that all are machine run. We believe that anyone who has seed oats to sell can get pay for labor and materials used if he will fan seed oats and treat them for smut for selling them. One pint of formaldehyde in 10 gallons of water will treat 80 bushels of seed oats.

Another Call for Boys and Girls Interested in Club Work. Boys and girls interested in any phase of club work are invited to come to the farm bureau office next Saturday at 1:30 p. m. The purpose and rules governing this work will then be explained. The lines of work purposed this year are corn and potatoes, pure bred gilt, dairy calf, poultry coming, strawberry and flower clubs. There is really a chance in this work for every boy and girl in the county.

Profitable Fine Acres. R. L. Harney planted 5 acres with corn soybeans and pumpkins. He hayed the patch down producing 2685 lbs. of pork from this patch. The hogs made a gain of 2 1/2 lbs. per day. In addition to this the hogs sows and cubs have run on this field all winter. Ebony and Virginia soy beans were used.

D. R. Simpson of Naples, was a Monday visitor to Jacksonville.

DEATHS

Anderson.
William Anderson passed away at 8 o'clock Monday morning at the home of his daughter, Mrs. John Luby, 3 1-2 miles south-east of Alexander. He was eighty-two years old at the time of his death and had lived in this county for many years. The decedent was born in Ireland and came to this country when a young boy. His home has been in Illinois practically all his life. His wife preceded him in death thirty-nine years ago.

Mr. Anderson is survived by three daughters, Mrs. William Childers of Springfield; Mrs. G. L. Herrington of Waverly, and Mrs. John Luby, of Alexander. He is also survived by twelve grand-children.

Funeral services will be held at the Church of the Visitation in Alexander Wednesday morning at 10 o'clock. Burial will be in St. Mary's cemetery in New Berlin.

Burke.
The funeral of Mrs. Nancy Anne Burke, who passed away at her home in Decatur, February 17th, was held Sunday in Chapin. The remains were sent to Chapin on Sunday and brief burial services were held at the Chapin cemetery. The bearers were, Frank P. McKinney, J. F. Burnham, W. W. Anderson, J. H. Eller, John and Gustav Onken.

The decedent was the mother of Mrs. Howard Tucker of Chapin, and was eighty-four years of age at the time of her death.

Morris.
The death of Luther Morris occurred at the home of Mr. Cooney, on West Michigan avenue, early Sunday morning. Decedent had been making his home with the family of Mr. Cooney for some time. The remains were removed to the undertaking parlors of A. G. Cody and prepared for burial.

Decedent was a native of Lisbon, Portugal, and came to this country many years ago. By occupation he was a jeweler and was employed by the various jewelry stores for years and for a time conducted a repair shop of his own. There are no immediate relatives. The funeral services will be held from the undertaking parlors of A. G. Cody at 10:30 this morning and will be in charge of Rev. G. G. Wetzel.

Robb.
The death of Frank Robb occurred at Passavant hospital Sunday morning, where he had been under treatment since December. Decedent was 62 years old and was a resident of Meredosia. Two sons survive, both of whom are residents of Beardstown.

The remains were taken to the undertaking parlors of A. G. Cody and prepared for burial.

TO TAKE LABOR SURVEY
FOR RECORD PURPOSES

Boy Scouts Will Provide Data Needed By Chamber of Commerce In Answering Queries About Available Workers.

The worth while proposal has been made that the Boy Scouts of Jacksonville make a labor survey for the records of the Chamber of Commerce. Louis Horen and Harry Walker, two active Scout Masters, are busy with this plan, which has the approval of the various Scout executives.

The Chamber of Commerce frequently needs the information which such a survey would make available. Requests are coming quite frequently for data as to the labor situation here, the personnel available for work of different classes if factories are established here.

Under present conditions the Chamber of Commerce only has partial information, but thru the labor survey now proposed complete data will be available. It is proposed that a questionnaire shall be filled out with reference to every residence in Jacksonville. There are about 150 Boy Scouts in the city, and the plan is to have them under proper leadership work simultaneously on Saturday morning, March 11, in securing this information. The details will be worked out fully in advance and two or three blocks of territory assigned to each scout. Provision will be made for houses under quarantine or where the occupants are not at home.

Each Scout will be expected to procure the exact information wanted from every house in the territory to which he is assigned, and the information cards so secured will be turned over to the Scout Master of the troop to which the Scout belongs. Then some additional contribution will be made by the Scout Master and the whole record passed thru the chairman of the committee to the Chamber of Commerce.

It is the plan to secure this valuable information in this way practically without cost. The Scout Masters and the Scouts in taking over the project are actuated by the desire to help Jacksonville in the efforts made to bring additional industries here.

DISTRICT LIBRARY
CONFERENCE TODAY

Will Be Held at the Public Library—Interesting Program Has Been Prepared.

The annual district Library Conference will be held in Jacksonville today at Public Library with delegates from about eight counties in attendance. The first session will be held this morning at nine o'clock and Mrs. Nathalie Scribner, Children's Librarian of this city, will preside at the meetings as chairman of the district.

The program will be opened by William Shy of the New Methodist Book Bindery concern, who will talk on the "Recasing Department." Miss Martha Wilson of the Illinois Library Association will then give an address on "The Professional Spirit in Illinois." Other subjects which will be generally discussed at the conference are "Children's Book Lists," "Use of Magazines and Reference Work," "Publicity in the Library" and other topics of interest to librarians. Miss Anne Jackson will give a number of five minute book talks taking among her books, "Modern American Poetry," by Louis Untermeyer, "A Quaker Singer's Recollection," by Bispham and "Roads to Childhood" by Anne Carroll Moore.

At noon luncheon will be served at the Congregational church by the ladies of the guild. In the afternoon Miss Wilson will make another address taking as her subject, "The School Library Policy in Illinois." The rest of the time will then be given over to an informal round table discussion on library matters and problems. Every one who is interested in school libraries and school librarians is urged to attend tomorrow's meeting.

At three o'clock in the afternoon a meeting of the library trustees will be held in the medical library, Mrs. O. F. Baile president of the board will preside. All members of the local board are urged to be present at this meeting.
